

BUPA partnership network hospitals

“A wide range
of hospitals
to make you
feel better”

Effective from 1 January 2006

BUPA partnership network hospitals

BUPA has taken the care to select and form agreements with a network of quality hospitals in the UK. As a BUPA member, you can feel better knowing these BUPA partnership network hospitals are committed to BUPA's excellent standards.

If you need to make a claim

It is essential that you call your BUPA helpline to let us know of any treatment or consultation that your GP recommends, and again if your consultant recommends treatment. We will be able to confirm your cover and the benefits available to you.

Psychiatric treatment

Not all BUPA schemes provide cover for psychiatric treatment. If you are unsure whether you do have this cover please contact your helpline. For those members whose scheme does provide psychiatric cover, please phone your helpline for a list of BUPA psychiatric network hospitals. Please remember that your claim for day-patient or in-patient psychiatric treatment will only be eligible if BUPA has agreed to the treatment in writing before it begins.

Please note: This is page 2 of 8 which should be read together as a whole. This list is correct as at the 1 January 2006. However, the hospitals on this list may change from time to time, because BUPA reserves the right to add or remove hospitals for commercial or quality reasons. You should always call your BUPA helpline before arranging any treatment to check that your chosen hospital is a BUPA partnership network hospital.
